

How to create a WordPress gallery with categories

Posted on [August 27, 2016](#)

Product:

[WonderPlugin Portfolio Grid Gallery](#)

Tutorial:

This tutorial will show you how to create a WordPress image and video gallery with categories by using the product [WonderPlugin Portfolio Grid Gallery](#). You can check the demo at [WordPress gallery with categories demo](#). You can click the left side tag to switch categories.

Step 1 - Create categories

In the plugin WonderPlugin Portfolio, create a new gallery or edit an existing gallery.

In the General Options section, click the link Add Category.

Step 2 - Add Images and Videos

In the plugin, step 1 Images & Videos tab, add an image or video, the categories you added in the above step will be listed in the Add Image or Add Video dialog.

Add Youtube Video

Enter video URL

Enter poster image URL or

Thumbnail URL or

Use thumbnail in grid

Categories Photo Video Landscape Sea

Title

Step 3 - Show category tags

In the plugin, step 4 Options tab, Category Options, check the option "Show categories buttons".

Designing

1 Images & Videos
2 Layout
3 Skins
4 Options
5 Preview

Options

Skin CSS

Grid template

Category options

Load More and Pagination

Lightbox options

Advanced options

Categories

Show categories buttons

Hide the "Show All" button

Allow to select multiple categories At least one category must be selected

Position

Top left

For position "Left top" and "Right top", change to top and bottom position when the screen width is less than (px):

Default category

Show All

CSS style

wpp-category-greybutton

```
#wonderpluggingridgallery-GRIDGALLERYID .wpp-category-greybutton .wonderplugin-gridgallery-tag {
border: none;
background: #666;
color: #fff;
```

Step 4 - Publish the gallery and add the gallery shortcode to the WordPress post or page

Click the button Save and Publish, then copy the generated shortcode to your WordPress post or page. You can check the demo at [WordPress gallery with categories demo](#).

Designing

1 Images & Videos 2 Layout 3 Skins 4 Options 5 Preview **Save & Publish**

The gallery has been saved and published: [View Gallery](#)

To embed the gridgallery into your page or post, use shortcode: `[wonderplugin_gridgallery id=1]`

To embed the gridgallery into your template, use php code: `<?php echo do_shortcode('[wonderplugin_gridgallery id=1]'); ?>`
